Dear Parents/Carers

Please find attached the details in relation to this year's flu vaccination.

The School Aged Immunisation Team will be visiting school on **Monday 5th December 2022**.

If you would like your child to receive the nasal spray, please follow the link on the attached letter to complete your consent. There is an option during completion of the consent to provide an email address to which you can then opt to receive an email confirming your submission, we advise that where possible you select yes, this is for your confirmation of a successful submission to consent. Once the consent form is completed and submitted you will receive a pop up to confirm.

If you have selected the option to receive an email, provided within your email will be a reference code confirming that you have consented.

If you do **not** receive a pop-up confirmation or an email the consent form has not been submitted successfully and your child/children will not receive the vaccination in school. Please complete the form again until you're in receipt of confirmation.

Kind Regards

**The School Office**
