

Dear Parents/Carers,

Another busy week in school including our Open Morning for next year's Reception children. All of our children were so well behaved and were excellent role models for the school.

On Wednesday afternoon we hosted a cluster boccia event in school. The children really enjoyed it and did really well. They had to roll the target ball and get their ball as close as they could to the target ball. You have to have really good hand eye co-ordination for this also with an understanding of speed!

The forest school area in school which is being developed by Mrs Finch is looking really brilliant. The children attending after school club are really enjoying the activities that they are doing in the forest school. There is a wormery, exploration area, digging area and a mud kitchen to name just a few of the activities. If you do not need after school provision but feel that your child would love the experience of a forest school why not book them in for a session. All year R children spend part of Thursday in forest school.

Kind Regards

Tina Lagdon
Headteacher

Pupil Progress Meetings

These will take place in the first two weeks back after the half term holiday. This provides you with an opportunity to discuss how your child has settled back into school, how they are progressing and what their targets are that they are working on. I really hope that you all take this opportunity to meet with your child's class teacher. The meetings will take place on Microsoft Teams as a video call or on the telephone. Please choose a date and time slot from the table below. Then email your child's class teacher who will add your time slot to your calendar on Teams. Any problems that you have getting on Teams please speak to the school office, Mrs Dawson is great at sorting out your issues so that you are able to access teams. Teachers are also happy just to phone you if you find this easier.
